COMPANY PORTFOLIO

Outbound sales calls, checked before they reach you.

An outbound call center for US auto and home warranty programs.

ABOUT US

Every sale is reviewed against its recording.

HN Solutions is an outbound call center for US auto and home warranty programs. Experienced fronters and closers work the phones, and our operations desk runs the dialer, CRM and QA, so every sale is checked before it reaches you.

700+

SERVICES

What we run for your campaign

Four services, split between the closers on the phones and the operations desk behind them.

CLOSERS

Outbound sales

Live outbound calls on your campaign, run from your approved script and product terms by closers with real floor experience.

CLOSERS

Retention

Follow-up calls to customers who hesitate or ask to cancel, so a sale that was made properly stays on the books.

OPERATIONS

Quality assurance

Every sale call is recorded and scored against a checklist before it is submitted. Sales that fail go back for correction and are not passed on.

OPERATIONS

Operations and reporting

Dialer, CRM and sales records are managed in house. The campaign owner gets weekly sales and chargeback reports.

PROCESS

How a sale moves through our line

Six steps from the first dial to the weekly report.

01

Dial

Leads are loaded into our dialer after scrubbing against DNC lists, with the source of the leads agreed with the campaign owner. Calls go out only inside legal calling hours.

02

Connect and pitch

A closer runs your approved script and sticks to your product terms.

03

Close and verify

The customer's agreement, details and consent are confirmed on the recorded call.

04

QA review

Operations scores the recording against a checklist. Sales that fail go back for a fix or a retention call.

05

Hand off

Approved sales go to the campaign owner in the format they ask for.

06

Report

Weekly sales and chargeback reports keep the numbers matching on both sides.

INFRASTRUCTURE

Everything runs on our floor

The tools, people and checks behind every campaign are ours, in one place.

Dialer

Our own outbound dialer, with lists scrubbed against DNC before a call goes out.

CRM and records

Every lead, call outcome and sale is logged and kept in house.

Agent workstations

Dedicated agents and workstations, set up and ready for your campaign.

Call recording

Sale calls are recorded and stored, so any sale can be checked.

QA scoring

Each recording is scored against a checklist before the sale is submitted.

Reporting

Weekly sales and chargeback reports, shared as they are.

EXPERIENCE

02

Closers

SALES

Run your approved script and product terms and close the sale on a recorded call.

03

QA

QUALITY ASSURANCE

Score every recording against a checklist before a sale is submitted.

04

Retention Officers

RETENTION

Follow up with customers who hesitate or ask to cancel.

STANDARDS

How we work

Every call recorded

Sale calls are recorded and kept, so any sale can be checked.

QA before submission

No sale reaches you until it has passed review.

Calling rules followed

DNC scrubbing and legal calling hours on every list.

Approved scripts only

Closers say what your script says and nothing more.

Straight reporting

Sales and chargebacks are reported as they are, every week.

Scale on results

We start with a focused campaign and scale once the numbers hold.
